1. What to do if you have a welfare concern in Eldon Primary

At all stages, the child's circumstances will be kept under review
The DSL/Staff will request further support if required to ensure the **child's safety is paramount**

2. Introduction and Ethos

- **The purpose of this policy is:**
 - To protect the safety, welfare and well-being of the pupils on roll at our school
 - To set out the school's overarching principles, approaches and systems to child protection and safeguarding across all aspects of school life.
 - To ensure staff are aware of their statutory safeguarding duties and responsibilities
 - To ensure staff are well-equipped and confident to recognise and report child protection concerns
 - To promote an open and listening culture where everyone can voice concerns in the knowledge they will believe, helped and supported.
- **Our core safeguarding principles are:**
 - **Promotion**
 - making sure pupils, parents, staff and all adults that come into contact with children know the systems and the support in place to keep children safe and there is a culture of vigilance permeating across the school
 - **Prevention**
 - positive, supportive, vigilant, open and safe culture. Well taught curriculum that includes relationships and online safety, pastoral opportunities for children and safer recruitment procedures
 - **Protection**
 - following the agreed procedures, ensuring all staff are trained and supported to recognise and respond appropriately and sensitively to safeguarding concerns.
 - **Support**
 - for all learners, parents and staff, and where appropriate specific interventions that are required for those who may be at risk of harm.
 - **Working with parents and other agencies**
 - to ensure timely, appropriate communications and actions are undertaken when safeguarding concerns arise.
- Eldon School recognise our statutory responsibility to safeguard and promote the welfare of all children. Safeguarding is everybody's responsibility and all those directly connected (staff, volunteers, governors, leaders, parents, families and learners) are an important part of the wider safeguarding system for children and have an essential role to play in making this community safe and secure.
- Staff and other adults working with children at Eldon are advised to maintain an attitude of 'it could happen here' where safeguarding is concerned.
- Eldon School believe that the best interests of children always come first. All children (defined as those up to the age of 18) have a right to be heard and to have their wishes and feelings taken into account and all children regardless of age, gender, ability, culture, race, language, religion or sexual identity, have equal rights to protection.
- Eldon School recognises the importance of safeguarding and the promotion of children's welfare at all times. Safeguarding is embedded in all the school's processes and procedures and at the heart of our school to provide an ethos and environment that will help children to be safe and feel safe. In our school children are respected and encouraged to talk openly. All our staff understand safe professional practice and adhere to our safeguarding policies.
- Eldon School expects that if any member of our community has a safeguarding concern about any child or adult, they should act immediately. This includes out of hours when the DSL may not be available to speak to, in which case a direct referral should be made to social services – see contact details at the start of this policy.
- This policy is implemented in accordance with our compliance with the statutory guidance from the Department for Education, 'Keeping Children Safe in Education' 2024 (KCSIE) which requires individual schools and colleges to have an effective child protection policy.
- The procedures contained in this policy apply to all staff, including governors, temporary or third-party agency staff and volunteers and are consistent with those outlined within KCSIE 2024.

3. Legislation and guidance

- This policy has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes:
 - DfE Keeping Children Safe in Education 2024 (KCSIE)
 - Working Together to Safeguard Children 2023
 - Ofsted: Education Inspection Framework' 2019 (revised July 2022)
 - Framework for the Assessment of Children in Need and their Families 2000)
 - Early Years and Foundation Stage Framework (EYFS) Updated January 2024
 - The Education (Independent School Standards) Regulations 2014 (updated July 2024)
 - The Non-Maintained Special Schools (England) Regulations 2015
 - Multi-agency statutory guidance on female genital mutilation (July 2020)
 - Advice Sexual Violence and Sexual Harassment between children in schools and colleges (last updated Sept 2021)
 - Relationships and Sex Education (RSE) statutory guidance (June 2019, last updated Sept 2021)
- Section 175 of the Education Act 2002 (updated September 2021) requires school governing bodies, local education authorities and further education institutions to make arrangements to safeguard and promote the welfare of all children who are pupils at a school, or who are students under 18 years of age. Such arrangements will have to have regard to any guidance issued by the Secretary of State.
- Other legislation this policy is based on:

Legislation	What it covers
School Staffing (England) Regulations 2009	<ul style="list-style-type: none"> • Lists what must be recorded on the single central record • The requirement for at least one person conducting an interview to be trained in safer recruitment techniques.
Children's Act 1989 (and 2004 amendment),	<ul style="list-style-type: none"> • Provides the framework for the care and protection of children.
Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015 (Section 5B(11))	<ul style="list-style-type: none"> • Places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18.
The Marriage and Civil Partnership (Minimum Age) Act 2022	<ul style="list-style-type: none"> • Officially came into force on 27 February • This Act prohibits 16 and 17-year-olds from marrying or entering into a civil partnership, regardless of whether they have parental consent. • Also an offence to cause a child to marry before 18th birthday, also applies to non-binding unofficial marriage.
Rehabilitation of Offenders Act 1974	<ul style="list-style-type: none"> • Sets out when people with criminal convictions can work with children.
Schedule 4 of the Safeguarding Vulnerable Groups Act 2006	<ul style="list-style-type: none"> • Defines what 'regulated activity' is in relation to children

4. Human Rights, Equalities and Public Sector Equality Duty

- Eldon is aware of its obligations under the Human Rights Act 1998 (HRA), Equality Act 2010 (including its Public Sector Equality Duty) and the local multi-agency safeguarding arrangements in Enfield and other local authorities that pupils may reside in.
- The governing body and senior leaders recognise that, under the HRA, it is unlawful for schools and colleges to act in a way that is incompatible with the Convention. The specific convention rights applying to schools and colleges are:
 - Article 3: the right to freedom from inhuman and degrading treatment (an absolute right)
 - Article 8: the right to respect for private and family life (a qualified right) includes a duty to protect individuals' physical and psychological integrity
 - Article 14: requires that all of the rights and freedoms set out in the Act must be protected and applied without discrimination, and
 - Protocol 1, Article 2: protects the right to education.

- The governing body senior leaders recognise being subjected to harassment, violence and or abuse, including that of a sexual nature, may breach any or all of these rights, depending on the nature of the conduct and the circumstances.
- The governing body and senior leaders will adhere to the Equality Act, will not unlawfully discriminate against pupils because of their sex, race, disability, religion or belief, gender reassignment, pregnancy and maternity, or sexual orientation (protected characteristics).
- The governing body and senior leaders will pay due regard to the need to eliminate unlawful discrimination, harassment and victimisation (and any other conduct prohibited under the Equality Act), to advance equality of opportunity and foster good relations between those who share a relevant protected characteristic and those who do not. The duty applies to all protected characteristics and means that whenever significant decisions are being made or policies developed, the governing body and senior leaders will give specific consideration to the equality implications of these such as, for example, the need to eliminate unlawful behaviours that relate to them such as sexual violence and sexual harassment, misogyny/misandry and racism.

5. Related Safeguarding Policies

- This policy is one of an integrated suite of policies, reflecting the whole school approach to safeguarding. It should be read and actioned in conjunction with the policies as listed below;
 - Anti-Bullying
 - Attendance and punctuality
 - Behaviour
 - Data protection and Information sharing
 - First aid and managing medical needs
 - Health and safety
 - Managing/dealing with allegations against staff
 - Online safety policy including Acceptable Use of Technology Policies (AUP)
 - Personal and intimate care
 - Personal, social and health education (PSHE)
 - Relationships and Sex Education (RSE)
 - Risk assessments (e.g. school trips, use of technology)
 - Safer recruitment
 - Special educational needs
 - Staff code of conduct
 - Staff disciplinary policy
 - Use of reasonable force
 - Whistleblowing

6. Definitions of safeguarding

- In line with KCSIE 2024, safeguarding and promoting the welfare of children is defined for the purposes of this policy as:
 - protecting children from maltreatment, whether that is within or outside the home, including online;
 - preventing impairment of children's mental and physical health or development;
 - ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
 - taking action to enable all children to have the best outcomes. Providing help and support to meet the needs of children as soon as problems emerge.
- Safeguarding is what we do to prevent children suffering or coming to harm.
- Child protection refers to activities undertaken by the school to protect children suffering from harm or likely to suffer from harm. A child includes anyone under the age of 18.
- The safeguarding partners that the school works with to safeguard its pupils as set out in KCSIE are: the local authority; the local clinical commissioning group; and the chief officer of Police for the area that falls under the local authority.
- Abuse is a form of maltreatment of a child that covers inflicting harm or failing to prevent the infliction of harm. Neglect is a form of abuse and is the persistent failure to meet a child's basic physical and psychological needs.

- **Exploitation is the deliberate manipulation or abuse of power used to have control over another person, usually for some form of gain.** This can be for a range of reasons including personal, financial or sexual.

Section 8 and Appendix 1 provides a more detailed explanation of the different types of abuse and signs and symptoms and specific safeguarding issues.

7. Informing staff and others of safeguarding policy

- All staff (including temporary staff and volunteers) will be provided with a copy of this policy. They will be asked to say they have read and understood its contents, are familiar with the school systems and will adhere to them. (see office or website)
- Visitors to the school site will be given a leaflet detailing our safeguarding arrangements, which also covers fire safety, first aid and health & safety.
- Parents/carers can obtain a copy of the school's Safeguarding and Child Protection Policy, downloaded from the school website together with other related policies, including for online safety and recruitment. Additionally, these and other policies are available from the school office on request.
- Pupils will be made aware of the school's systems in age-appropriate ways through displays around the school site, verbally and via the school website. The DSL will ensure pupils have understood and are aware that they can raise concerns at any time, they will be listened to, taken seriously and their wishes respected (where possible), given the necessary support and kept informed of actions being taken.

8. Roles and Responsibilities

The Governing Body

- The Governing Body takes responsibility for strategic leadership that is a 'whole school approach' for the school's safeguarding arrangements and that these will comply with their duties under legislation and have full regard to KCSIE 2024. This includes ensuring the school's policies, procedures and training are effective and comply with the law at all times.
- The Governing body will ensure the school's systems enable pupils to report what is happening to them.
- The Governing body will ensure the appointed DSL is a senior member of staff. The role of the DSL (and deputies) set out in KCSIE Annex C will be made explicit in the postholder's job description.
- The school has a nominated governor for safeguarding. The nominated governor(s) will support the Designated Safeguarding Lead and have oversight in ensuring that the school has an effective policy which interlinks with other related policies; that locally agreed procedures are in place and being followed; and that the policies are reviewed at least annually and when required.
- All governors will undertake safeguarding training and additional training on specific issues, such as online safety, as required in order to fulfil their oversight duties.
- The governing body will take an active role in monitoring safeguarding arrangements and providing support to the Designated Safeguarding Lead in line with Part 2 KCSIE 2024. This will include visits to school, regular contact with the Designated Safeguarding Lead and other staff working to protect children and reviewing information provided to them concerning pupils' welfare and safety, including for online safety. Governors will also seek the views of pupils and parents/carers as part of their monitoring arrangements to check on the effectiveness of safeguarding arrangements.
- The governing body/ proprietor/ leadership/management committee and leadership team will ensure that the Designated Safeguarding Lead (and deputies) are supported and given sufficient time, funding and resources to carry out their roles. They will also ensure there is adequate cover if the Designated Safeguarding Lead is absent.

Headteacher

- The Headteacher will ensure that the suite of policies and procedures relating to safeguarding and child protection adopted by the school's Governing Body are understood and followed by all staff.

Designated Safeguarding Lead (DSL)

- The school has appointed a member of the leadership team, Jason Beckford as the Designated Safeguarding Lead (DSL). Additionally, the school have appointed Deputy DSLs; Carolyn Bathija, Amy Remy, Kim Berriman, Natalie Hussein and Stephanie Evans, who will have delegated responsibilities and act in the DSLs absence.
- The DSL has overall responsibility for the day-to-day oversight of safeguarding and child protection systems in school. Whilst the activities of the DSL may be delegated to the deputies or safeguarding officer, the ultimate lead responsibility for safeguarding and child protection remains with the DSL and this responsibility will not be delegated. This is in line with full job description set out in KCSIE Annex C.
- The DSL will undergo appropriate and specific training to provide them with the knowledge and skills required to carry out their role. Deputy DSLs are trained to the same standard as the DSL. The DSL and any deputy DSLs training will be updated formally every two years, but their knowledge and skills will be updated through a variety of methods at regular intervals and at least annually.
- The DSL (and deputies) will be provided with sufficient time so they can provide appropriate support to staff and children regarding any new safeguarding and welfare concerns following Covid-19. This may include handling of referrals to integrated social care and working with other agencies where appropriate. Job descriptions that align to KCSIE 2024 Annex C are in place for the DSL and deputy DSLs.
- The Headteacher will be kept informed of any significant issues by the DSL.
- During term time the designated safeguarding lead (or a deputy) will always be available (during school/office hours) for staff in the school to discuss any safeguarding concerns. This will be in person, in very exceptional circumstances this maybe by telephone. The school will inform parents of out of hours reporting arrangements and cover arrangements for out of hours/out of term activities.

- **The role of the DSL is to:**

- **Manage referrals**

The designated safeguarding lead is expected to refer cases:

- of suspected abuse, neglect or exploitation to the local authority children's social care as required and support staff who make referrals to local authority children's social care
- to the Channel programme where there is a radicalisation concern as required and support staff who make referrals to the Channel programme
- where a person is dismissed or left due to risk/harm to a child to the Disclosure and Barring Service as required,
- where a crime may have been committed to the Police as required. NPCC - When to call the police should help understand when to consider calling the police and what to expect when working with the police.

- **Working with others**

The designated safeguarding lead is expected to:

- act as a source of support, advice and expertise for all staff
- act as a point of contact with the safeguarding partners
- liaise with the headteacher or principal to inform him or her of issues- especially ongoing enquiries under section 47 of the Children Act 1989 and police investigations. This should include being aware of the requirement for children to have an Appropriate Adult. Further information can be found in the Statutory guidance - PACE Code C 2019.
- as required, liaise with the "case manager" (as per Part four) and the local authority designated officer(s) (LADO) for child protection concerns in cases which concern a staff member
- liaise with staff (especially teachers, pastoral support staff, school nurses, IT technicians, senior mental health leads and special educational needs co-ordinators (SENCO's), or the named person with oversight for SEND in a college and senior mental health leads) on matters of safety and safeguarding and welfare (including online and digital safety) and when deciding whether to make a referral by liaising with relevant agencies so that children's needs are considered holistically
- liaise with the senior mental health lead and, where available, the mental health support team, where safeguarding concerns are linked to mental health

- promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances
- work with the headteacher and relevant strategic leads, taking lead responsibility for promoting educational outcomes by knowing the welfare, safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on children's attendance, engagement and achievement at school or college¹⁵⁴. This includes:
- ensuring that the school knows who its cohort of children who have or have had a social worker are, understanding their academic progress and attainment, and maintaining a culture of high aspirations for this cohort,
- supporting teaching staff to provide additional academic support or reasonable adjustments to help children who have or have had a social worker reach their potential, recognising that even when statutory social care intervention has ended, there is still a lasting impact on children's educational outcomes.

- **Information sharing and managing the child protection file**

The designated safeguarding lead is responsible for ensuring that child protection files are kept up to date. Information should be kept confidential and stored securely. Concerns and referrals are kept in a separate child protection file for each child. Records will include:

- a clear and comprehensive summary of the concern
- details of how the concern was followed up and resolved
- a note of any action taken, **the rationale for** decisions reached and the outcome.

They should ensure the file is only accessed by those who need to see it and where the file or content within it is shared, this happens in line with information sharing advice as set out in section XX of this policy.

Where children leave the school (including in year transfers) the designated safeguarding lead will ensure their child protection file is transferred to the new school as soon as possible, and within 5 days for an in-year transfer or within the first 5 days of the start of a new term. This will be transferred separately from the main pupil file, ensuring secure transit, and confirmation of receipt should be obtained. Receiving schools should ensure key staff such as designated safeguarding leads and special educational needs co-ordinators (SENCO's) are aware as required.

In addition to the child protection file, the designated safeguarding lead will also consider if it would be appropriate to share any additional information with the new school in advance of a child leaving to help them put in place the right support to safeguard this child and to help the child thrive in the school.

- **Raising awareness**

The designated safeguarding lead should:

- ensure each member of staff has access to, and understands, the school's or college's child protection policy and procedures, especially new and part-time staff
- ensure the school's child protection policy is reviewed annually (as a minimum) and the procedures and implementation are updated and reviewed regularly, and work with governing bodies or proprietors regarding this
- ensure the child protection policy is available publicly and parents know that referrals about suspected abuse or neglect may be made and the role of the school in this
- link with the safeguarding partner arrangements to make sure staff are aware of any training opportunities and the latest local policies on local safeguarding arrangements, and
- help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff.

- **Training, knowledge and skills**

The designated safeguarding lead (and any deputies) will undergo training to provide them with the knowledge and skills required to carry out the role. This training should be updated at least every two years. The designated safeguarding lead (and any deputies) will also undertake Prevent awareness training. Training will provide designated safeguarding leads with a good understanding of their own role, how to identify, understand and respond to specific needs that can increase the vulnerability of children, as well as specific harms that can put children at risk, and the processes, procedures and responsibilities of other agencies, particularly local authority children's social care, so they:

- understand the assessment process for providing early help and statutory intervention, including local criteria for action and local authority children's social care referral arrangements
- have a working knowledge of how local authorities conduct a child protection case conference and a child protection review conference and be able to attend and contribute to these effectively when required to do so
- understand the importance of the role the designated safeguarding lead has in providing information and support to local authority children social care in order to safeguard and promote the welfare of children
- understand the lasting impact that adversity and trauma can have, including on children's behaviour, mental health and wellbeing, and what is needed in responding to this in promoting educational outcomes
- are alert to the specific needs of children in need, those with special educational needs and disabilities (SEND), those with relevant health conditions and young carers
- understand the importance of information sharing, both within the school and college, and with the safeguarding partners, other agencies, organisations and practitioners
- understand and support the school with regards to the requirements of the Prevent duty and are able to provide advice and support to staff on protecting children from the risk of radicalisation
- are able to understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at school
- can recognise the additional risks that children with special educational needs and disabilities (SEND) face online, for example, from bullying, grooming and radicalisation and are confident they have the capability to support children with SEND to stay safe online
- obtain access to resources and attend any relevant or refresher training courses, and encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, in any measures the school may put in place to protect them.

In addition to the formal training set out above, their knowledge and skills will be refreshed (this might be via e-bulletins, meeting other designated safeguarding leads, or simply taking time to read and digest safeguarding developments) at regular intervals, as required, and at least annually, to allow them to understand and keep up with any developments relevant to their role.

- **Providing support to staff**

Training should support the designated safeguarding lead in developing expertise, so they can support and advise staff and help them feel confident on welfare, safeguarding and child protection matters. This includes specifically to:

- ensure that staff are supported during the referrals processes, and
- support staff to consider how safeguarding, welfare and educational outcomes are linked, including to inform the provision of academic and pastoral support.

- **Understanding the views of children**

It is important that all children feel heard and understood. Therefore, designated safeguarding leads (and deputies) should be supported in developing knowledge and skills to:

- encourage a culture of listening to children and taking account of their wishes and feelings, among all staff, and in any measures the school may put in place to protect them
- understand the importance of information sharing, both within the school, and with other schools on transfer including in-year and between primary and secondary education, and with the safeguarding partners, other agencies, organisations and practitioners
- understand relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK General Data Protection Regulation (UK GDPR), and
be able to keep detailed, accurate, secure written records of concerns and referrals and understand the purpose of this record-keeping.

Members of Staff

- All members of staff have a responsibility to:
 - Provide a safe environment in which children can learn.
 - Be aware it can happen here and safeguarding is everyone's responsibility.
 - Actively promote welfare and safeguarding, including online safety, of pupils.

- Know what to do if a child tells them that he or she is being abused or neglected and understand the impact abuse and neglect can have upon a child.
- Understand the difficulties that children may have in approaching staff about their circumstances and consider how to build trusted relationships which facilitate communication.
- Be prepared to identify children who may benefit from early help.
- Understand the early help process and their role in it.
- Understand the school's safeguarding policies and systems.
- Undertake regular and appropriate training which is regularly updated.
- Be aware of the process of making referrals to children's social care and statutory assessment under the Children Act 1989.
- Be able to identify and act upon indicators that children are, or at risk of developing mental health issues.
- Know how to maintain an appropriate level of confidentiality and the importance of recording and information sharing.
- Understand the wider definitions of peer on peer abuse and be aware of specific issues such as cyberbullying, sexual violence, sexual harassment and exploitation as set out in KCSIE Part 1 and Annex B.
- Be aware of the indicators of abuse and neglect so that they can identify cases of children who may need help or protection

Children and Young People

- Children and young people (learners) have a right to:
 - Feel safe, be listened to, know their concerns will be taken seriously, and have their wishes and feelings taken into account.
 - Contribute to the development of school safeguarding policies.
 - Receive help from a trusted adult.
 - Learn how to keep themselves safe, including online.

Parents and Carers

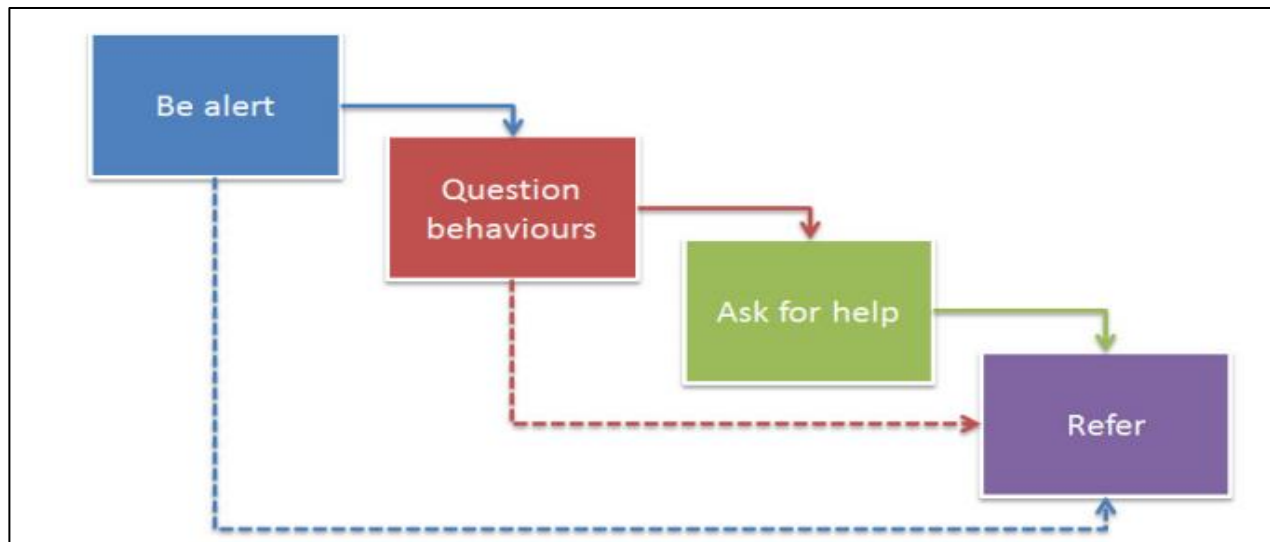

- Parents/carers have a responsibility to:
 - Understand and adhere to the relevant school policies and procedures.
 - Talk to their children about safeguarding issues and support the school in their safeguarding approaches.
 - Identify behaviours which could indicate that their child is at risk of harm including online and seek help and support from the school or other agencies.
 - Speak to school staff if they have any concerns about the welfare, well-being and safety of their children.

9. Recognising Indicators of abuse, neglect and exploitation

- All staff in Eldon school are made aware of the definitions and indicators of abuse, neglect and exploitation as identified by Working Together to Safeguard Children (2018 updated December 2020) and Keeping Children Safe in Education (KCSIE) 2024.
- Eldon school recognises that when assessing whether a child may be suffering actual or potential harm there are four categories of abuse:
 - Physical abuse
 - Sexual abuse
 - Emotional abuse
 - Neglect

For further information see Appendix 1 of this policy and Appendix 7 for links to advice and support. .

- All members of staff are expected to be aware of and follow this approach if they are concerned about a child (taken from 'What to do if you are worried a child is being abused' DfE 2015)

- The school acknowledges that safeguarding includes a wider range of specific issues including (but not limited to):

- | | |
|---|---|
| ○ Child abduction and community safety incidents | ○ Homelessness |
| ○ Children with family members in prison | ○ Honour based abuse (so called) |
| ○ Children Missing Education (CME) | ○ Mental health |
| ○ Child missing from home or care | ○ Modern slavery & the National Referral Mechanism |
| ○ Child Sexual Exploitation (CSE) | ○ Online safety (including awareness of the school's systems for filtering and monitoring) |
| ○ Child Criminal Exploitation (CCE) | ○ Child on child abuse (including cyberbullying, racial, prejudicial and discriminatory bullying) |
| ○ County Lines | ○ Preventing radicalisation and extremism |
| ○ Cybercrime | ○ Relationship abuse |
| ○ Domestic abuse | ○ Serious Violence |
| ○ Faith based abuse | ○ Sexual Violence and Sexual Harassment |
| ○ Female Genital Mutilation (FGM) | ○ Upskirting |
| ○ Forced marriage | ○ Youth produced sexual imagery, nudes/semi-nudes ("Sexting") |
| ○ Gangs and youth violence | |
| ○ Gender based abuse and violence against women and girls | |

- Additional information on these specific issues is given in the sections below, in Appendix 2 of this policy and also set out in KCSIE Part 1 and Annex B
- Members of staff are aware that concerns may arise in many different contexts and can vary greatly in terms of their nature and seriousness. The indicators of child abuse and neglect can vary from child to child. Children develop and mature at different rates, so what appears to be worrying behaviour for a younger child might be normal for an older child.
- It is important to recognise that indicators of abuse and neglect do not automatically mean a child is being abused however all concerns should be taken seriously and explored by the DSL on a case by case basis.
- Parental behaviours' may also indicate child abuse or neglect, so staff should also be alert to parent-child interactions or concerning parental behaviours; this could include parents who are under the influence of drugs or alcohol or if there is a sudden change in their mental health.
- Safeguarding incidents and/or behaviours can be associated with factors outside school and/or can occur between children offsite. Children can be at risk of abuse or exploitation in situations outside their families. Extra-familial harms take a variety of different forms and children can be vulnerable to multiple harms including (but not limited to) sexual exploitation, criminal exploitation, and serious youth violence.

- By understanding the indicators of abuse, neglect or exploitation, we can respond to problems as early as possible and provide the right support and services for the child and their family.

10. Child protection procedures – Taking action

- Eldon School adheres to the **Safeguarding Enfield Partnership** procedures (Enfield LA).
- Staff (volunteers, governors, contractors, agency and supply staff and visitors) must follow the school procedures set out in this and the following sections should they identify or have a worry about a child protection issue. The actions staff and other adults should take if they are any safeguarding concerns about a pupil are listed below. This will be covered in staff training, including new staff induction. Visitors will be provided with an information sheet on arrival, summarising the school systems and how they should pass on any child protection concerns. If anyone is unsure about reporting concerns, they must speak to the DSL and they can also refer to the DfE publication 'What to do if you're worried a child is being abused' (March 2015).
- All staff are made aware of the process for making requests for support referrals for statutory assessments under the Children Act 1989, along with the role they might be expected to play in such assessments.
- Eldon School recognises that some children have additional or complex needs and may require access to intensive or specialist services to support them.

Action if a child is in immediate danger or suffering harm or likely to suffer harm

- As soon as a member of staff or adult working in the school becomes aware that a child is suffering or likely to suffer harm, or in immediate danger they must let the DSL know immediately.
- The member of staff must make a record of what the child (ideally contemporaneously) is telling them/has told them and also record this on CPOMS as soon as possible after the alert to the DSL. The handwritten record should be scanned and added to the electronic record (see details under making a record of a concern).
- The DSL, along with the relevant Deputy DSLs will review the case and decide on the next steps. If a child is in immediate danger or is at risk of harm, a request for support should be made immediately to MASH (Enfield's Safeguarding Team) and/or the police in line with Enfield LA procedures.
- If the DSL or deputy DSL is not available, for example out of school hours, then any staff member or other adults can make a referral. The contact numbers for the MASH team are listed on Page 2 of this policy. During this call you should seek the advice about notifying parents, remembering that in some situations this could be unsafe or cause the child more harm. During your phone call if you are a professional working with children you may be asked to complete a MASH referral form within 24 hours.
- Any member of staff/adult making a referral to the MASH team must inform the DSL as soon as possible, verbally and provide a written record of the concerns and actions taken.

Action if a concern about a child is not in immediate danger or risk,

- Staff must be vigilant at all times. In doing this staff may well notice safeguarding concerns that do not place a child at immediate risk of harm. Staff must be mindful that no concern is too small not to share and that they are vital in helping the DSL to build a picture of the child's well-being, welfare, mental health and safety and take the necessary action. Examples of concerns could be a child looking unkempt, saying or making a comment that arouses your suspicions or a change in character/behaviour.
- Staff must follow school procedures and record the concern on CPOMS. The DSL will ensure that there is continuous monitoring of CPOMS throughout the day so no concerns are missed and any necessary actions are taken. The member of staff should not hesitate in also discussing their concern with the DSL or deputy DSL. The DSL will review this information, with any other safeguarding concerns they have on record, and take any necessary actions.

Guidance on receiving a disclosure from a child

Staff should follow this approach:

- Listen to what the child has to say. Allow them time to talk freely and do not ask leading questions. Reassure the child that they are doing the right thing in telling you. Let them know they are being taken seriously and that nothing they say is or will cause a problem. Do not tell them they should have told you sooner.

- Stay calm and do not show that you are shocked or upset. Do not in any circumstance promise to keep what they have told you a secret. Explain you will have to pass this information on and what will happen next.
- If possible, make a handwritten record as the child speaks. If this is not possible, make a handwritten record as soon as possible afterwards. Follow the school procedure to also make a report on CPOMS
- Speak to a DSL or deputy DSL immediately if the child is in immediate risk or has been harmed as noted above.
- Under no circumstances should the staff member undertake any investigation into the concern.
- Any allegations about staff must be reported directly to the headteacher, or in their absence, a deputy headteacher, unless the allegation is against the headteacher in which case the chair of governors should be informed. See later section.

Action if a concern about a child has been identified

- The DSL may seek advice or guidance from Enfield's Safeguarding Service or MASH before deciding next steps.

Making a record of a concern or disclosure

- Any child protection concerns should be entered into CPOMS. If the concern is a direct disclosure from a child then this should be recorded in writing so there is a contemporaneous record of the disclosure, which can be used as evidence should a case go to court. Ideally, this should be on school forms which can be found in the staff room. The start, end time, location and date should be added to the report. A summary of the report should be made on CPOMS and the DSL or deputy informed immediately.

Early Help referrals

- The school will work with social care, the police, health services and other services to promote the welfare of children and protect them from harm. Staff are trained to be alert to the potential for early help, identify children that may benefit from early help and raise their concerns with the DSL.
- If the DSL views that early help is appropriate they or the deputy DSL will lead on liaising with other agencies and in setting up inter-agency assessment, as require. Staff may be required to contribute and/or provide support in the early help assessment. They will ensure the appropriate early help support is put in place to support the child.
- The DSL will keep all early help cases under constant review and consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves. If, after the request for support or any other planned external intervention, a child's situation does not appear to be improving, the DSL will take further actions. This may include a request for advice and support to Enfield's Safeguarding Team.

11. Notifying parents and carers of child protection concerns

- Parents/carers will be informed of child protection concerns unless there is a valid reason not to do so, for example, if to do so would put a child at risk of harm or would undermine a criminal investigation. Such discussions will be undertaken by the DSL or deputy DSL, although this may be delegated to the school's safeguarding officer who is part of the safeguarding team, and maybe already working in with the family.
- The DSL will liaise with Enfield's safeguarding team, before making a decision not to inform parents/carers of a child protection concern.
- Parents/carers will normally be notified in the case of allegations of abuse made against other pupils, unless it is unsafe to do so. The same applies to the person(s) the allegation is made against if they are a child.

12. Confidentiality information sharing and record keeping

Confidentiality

- All members of staff must be aware that whilst they have duties to keep any information confidential, they also have a professional responsibility to share information with other agencies to safeguard children.
- All staff must be aware that they cannot promise confidentiality in situations which might compromise a child's safety or wellbeing.
- The Headteacher or DSL (and DDSL and members of the safeguarding Team) will share information about a child on a 'need to know' basis to help maintain confidentiality.
- Confidentiality is also addressed in this policy with respect to record-keeping below and allegations of abuse against staff in the section below and in the school's policy.

Information Sharing

- Eldon school recognises our duty to share relevant information with appropriate agencies in matters relating to child protection at the earliest opportunity as per statutory guidance outlined within KCSIE 2021.
- The safety of the child is always paramount, any concerns about sharing information must not be allowed to stand in the way of ensuring the welfare and safety of pupils.
- Staff should never promise a student that they will not pass on child protection concerns to the relevant staff and agencies. However, the child should be reassured that:
 - their disclosure will be taken seriously, and it is **not** creating a problem
 - their disclosure will only be shared with relevant staff
 - staff will be sensitive to their feelings and concerns
 - their wishes will be heard
 - they will be kept informed of actions and support.
- The Data Protection Act 2018 and GDPR do not prevent the sharing of information for the purposes of keeping children safe. Fears about sharing information must not be allowed to stand in the way of the need to safeguard and promote the welfare and protect the safety of children.
- The school has an appropriately trained Data Protection Officer (DPO) as required by the General Data Protection Regulations (GDPR) to ensure that our school is compliant with all matters relating to confidentiality and information sharing requirements.
- If staff are in any doubt about sharing information, they should speak to the DSL (or deputies).

Record keeping

- All safeguarding concerns, discussions and decisions, and reasons for those decisions, will be recorded in writing contemporaneously (this may be used as evidence if the disclosure becomes a Police matter) on the school safeguarding system – CPOMS- and passed without delay to the DSL. This should include speaking to the DSL. A body map will be completed if injuries have been observed.
- If members of staff are in any doubt about recording requirements, they should discuss their concerns with the DSL.
- Safeguarding records are kept for individual children and are maintained separately from all other records relating to the child in the school. Safeguarding records are kept in accordance with data protection legislation and are retained centrally and securely by the DSL (an DDSLs). Safeguarding records are shared with staff on a 'need to know' basis only.
- Records will also be kept of any telephone calls, meetings or other communications for each child to build a full and detailed chronology. This may include other school records, such as first aid, medical treatment if the child is unwell, attendance and punctuality and behaviour.
- All safeguarding records will be transferred in accordance with data protection legislation to the child's subsequent school, under confidential and separate cover. These will be given to the new DSL and a receipt of delivery will be obtained.

- In addition to the child protection file, the DSL will also consider if it would be appropriate to share any information with the DSL at the new school in advance of a child leaving. For example, information that would allow the new school to continue to provide support.

13. Multi-Agency Working

- Eldon School recognises and is committed to its responsibility to work within the Enfield LA multi-agency safeguarding arrangements. The leadership team and DSL and DDSLs will work to establish strong and co-operative local relationships with professionals in the safeguarding partners and other agencies and sources of support in line with statutory guidance.
- The school recognises the importance of multi-agency and partnership working and is committed to working alongside all agencies to provide a coordinated response to promote children's welfare and protect them from harm. This includes contributing to Enfield LA processes as required, such as; participation in relevant safeguarding multi-agency plans and meetings, including Child Protection Conferences, Core Groups, Strategy Meetings, Child in Need meetings or other early help multi-agency meetings.

14. Staff Induction, Awareness and Training

- All members of staff have been provided with a copy of part one of 'Keeping Children Safe in Education' (2024) which covers safeguarding information for all staff.
 - School leaders, including the DSL will read the entire document.
 - School leaders and all members of staff who work directly with children will access annex A within Keeping Children Safe in Education 2024.
 - All members of staff have signed to confirm that they have read and understood KCSIE, this is recorded on the SCR.
- **All** staff are expected to be aware of systems within their school which support safeguarding. This will be explained to them as part of staff induction and updated on a regular to ensure they are fully aware of current practice. This includes:
 - safeguarding and child protection policy, which should amongst other things also include the policy and procedures to deal with child on child abuse;
 - behaviour policy
 - safeguarding response to children who are absent from education, particularly on repeat occasions and/or prolonged periods
 - role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).
- The school aims to keep the profile and importance of safeguarding high. All staff members (including agency and third-party staff) will receive appropriate child protection training to ensure they are aware of a range of safeguarding issues. Basic child protection training will take place annually include online safety training which, amongst other things, includes an understanding of the expectations, applicable roles and responsibilities in relation to filtering and monitoring.
- In addition, a range of other specific safeguarding issues have been prioritised by leaders as most pertinent to the school. This includes training in e.safety, to provide them with relevant skills and knowledge to safeguard children effectively.
- The DSL will ensure that all new staff and volunteers (including agency and third-party staff) receive child protection training including in online safety, behaviour management and the staff code of conduct to ensure they are aware of the school internal safeguarding processes as part of their induction.
- All staff members (including volunteers, agency and third-party staff) will be made aware of the school expectations regarding safe and professional practice via the staff code of conduct and Acceptable Use Policy (AUP).
- The DSL and Headteacher will provide regular reports to the governing body Safeguarding Committee and Full GB detailing safeguarding training undertaken by all staff and will maintain up to date register of who has been trained.

- Although the school has a nominated lead(s) for the governing body, all members will access appropriate safeguarding training which covers their specific strategic responsibilities on a regular basis.

15. Safer Working Practice

- All members of staff are required to work within our clear guidelines on safer working practice as outlined in the school code of conduct.
- Staff will be made aware of the school behaviour management and physical intervention policies, and any physical interventions/use of reasonable force must be in line with agreed policy and procedures and national guidance.
- All staff will be made aware of the professional risks associated with the use of social media and electronic communication (such as email, mobile phones, texting, social networking). Staff will adhere to relevant school policies including staff code of conduct, Acceptable Use/online safety policies, and Social Media.

16. Staff Supervision and Support

- Any member of staff affected by issues arising from concerns for children's welfare or safety can seek support from the DSL.
- The induction process will include familiarisation with child protection responsibilities and procedures to be followed if members of staff have any concerns about a child's safety or welfare.
- The school will provide appropriate supervision and support for all members of staff to ensure that:
 - All staff are competent to carry out their responsibilities for safeguarding and promoting the welfare of children.
 - All staff are supported by the DSL in their safeguarding role.
 - All members of staff have regular reviews of their own practice to ensure they improve over time.
- The DSL will also put staff in touch with outside agencies for professional support if they so wish. Staff can also approach organisations such as their Union, the school's counselling service or other similar organisations directly.
- The school will ensure that members of staff who are working within the foundation stage are provided with appropriate supervision in accordance with the statutory requirements of Early Years Foundation Stage (EYFS) 2021.

17. Online safety

It is recognised by Eldon School the use of technology presents challenges and risks to children and adults both inside and outside of school. As a school we will empower, protect and educate the community in their use of technology and establish mechanisms to identify, intervene in, and escalate any incident where appropriate. The school sees technology and its use permeating all aspects of school. Our integrated approach to online safety is set out in detail in:

- The online safety policy
- Remote learning policy and
- Threaded through other policies, including policies for the curriculum, subject teaching, behaviour, peer on peer abuse and RSE/PSHE.
- The school identifies that the breadth of issues classified within online safety is considerable, but can be categorised into four areas of risk as set out in KCSIE:
 - **content:** being exposed to illegal, inappropriate or harmful material; for example, pornography, fake news, racist or radical and extremist views;
 - **contact:** being subjected to harmful online interaction with other users; for example, commercial advertising as well as adults posing as children or young adults; and
 - **conduct:** personal online behaviour that increases the likelihood of, or causes, harm; for example, making, sending and receiving explicit images, or online bullying.
 - **commerce:** risks such as online gambling, inappropriate advertising, phishing and or financial scams. If you feel your pupils, students or staff are at risk, please report it to the Anti-Phishing Working Group.

- The DSL has overall responsibility for online safeguarding within the school but will liaise as necessary with other members of staff. School should set out their arrangements here.
- Eldon School uses a wide range of technology. This includes; computers, laptops, tablets and other digital devices, the internet, our learning platform, intranet and email systems. All School owned devices and systems will be used in accordance with our acceptable use policies and with appropriate safety and security measures in place. All devices owned by staff, pupils and visitors will also be used in accordance with our acceptable use policies and the appropriate safety and security measures.
- Eldon recognises the specific risks that can be posed by mobile technology, including mobile phones and cameras. In accordance with KCSIE 2024 and EYFS 2021 has appropriate policies in place that are shared and understood by all members of the community and detailed in our safeguarding policies.
- At Eldon we do all we reasonably can to limit children’s exposure to online risks through our school IT systems and will ensure that appropriate filtering and monitoring systems are in place and that these meet the DfE [standards for filtering and monitoring](#) (March 2023). These are:
 - If learners or staff discover unsuitable sites or material, they are required to turn off monitor/screen or use a screen cover widget and to report the concern immediately to a member of technical staff.
 - All users will be informed that use of our systems can be monitored, and that monitoring will be in line with data protection, human rights and privacy legislation.
 - Filtering breaches or concerns identified through our monitoring approaches will be recorded and reported to the DSL and technical staff, as appropriate.
 - Any access to material believed to be illegal will be reported immediately to the appropriate agencies, such as the [Internet Watch Foundation](#) and the police.
 - When implementing appropriate filtering and monitoring, we will ensure that “over blocking” does not lead to unreasonable restrictions as to what children can be taught with regards to online teaching and safeguarding.
- Eldon school acknowledges that whilst filtering and monitoring is an important part of school online safety responsibilities, it is only one part of our approach to online safety.
 - Learners will use appropriate search tools, apps and online resources as identified following an informed risk assessment.
 - Learners internet use will be supervised by staff according to their age and ability.
 - Learners will be directed to use age appropriate online resources and tools by staff.
- Eldon will ensure a comprehensive whole school curriculum response is in place to enable all learners to learn about and manage online risks effectively as part of providing a broad and balanced curriculum.
- We will build a partnership approach to online safety and will support parents/carers to become aware and alert by:
 - providing information on our school website and through newsletters
 - offering specific online safety events for parents/carers
 - highlighting online safety at existing parent events.
- Eldon school will ensure that online safety training for all staff is integrated, aligned and considered as part of our overarching safeguarding approach.
- The DSL will respond to online safety concerns in line with the child protection and other associated policies such as anti-bullying and behaviour.
 - Internal sanctions and/or support will be implemented as appropriate.
 - Where necessary, concerns will be escalated and reported to relevant partner agencies in line with local policies and procedures.
 -

Where children are asked to learn online at home in response to a full or partial closure:

- Eldon will ensure any remote sharing of information, communication and use of online learning tools and systems will be in line with privacy and data protection requirements.

- All communication with learners and parents/carers will take place using school provided or approved communication channels; for example, school provided email accounts and phone numbers and/or agreed systems - Google Classroom.
- Staff and learners will engage with remote teaching and learning in line with existing behaviour principles as set out in our school staff code of conduct and Acceptable Use policies. When delivering remote learning, staff will follow our policy and guidance for remote learning.
- Staff and learners will be encouraged to report issues experienced at home and concerns will be responded to in line with our child protection and other relevant policies.
- Parents/carers will be made aware of what their children are being asked to do online, including the sites they will be asked to access. Parents /carers will be informed who from the school their child is going to be interacting with online and who they contact in case they need help and/or support.
- Parents/carers will be encouraged to ensure children are appropriately supervised online and that appropriate parental controls are implemented at home.

18. Safeguarding Children with Special Educational Needs and Disabilities

- Eldon school acknowledges that children with special educational needs (SEN) and disabilities can face additional safeguarding challenges as they may have an impaired capacity to resist or avoid abuse. The school will ensure that children with SEN and disabilities, specifically those with communication difficulties will be supported to ensure that their voice is heard and acted upon.
- Members of staff are encouraged to be aware that children with SEN and disabilities can be disproportionately impacted by safeguarding concerns, such as bullying and exploitation.
- All members of staff will be encouraged to appropriately explore possible indicators of abuse such as behaviour/mood change or injuries and not to assume that they are related to the child's disability and be aware that children with SEN and disabilities may not always outwardly display indicators of abuse. To address these additional challenges, our school will always consider extra pastoral support for children with SEN and disabilities.
- The DSL will work closely with the SENCo, Sam Kieser to share information and plan support and monitor as required.

19. Mental health and children requiring mental health support

- All staff will be made aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation. Staff are aware of how children's experiences, can impact on their mental health, behaviour, attendance and progress in school.
- Staff are well placed to observe children day-to-day and identify those whose behaviour suggests that they may be experiencing a mental health problem or be at risk of developing one. Staff are expected to be vigilant at all times and if they have a mental health concern about a child that is also a safeguarding concern, immediate action should be taken by speaking to the DSL or a deputy.
- The school is proactive in promoting the mental health and well-being of pupils. This includes links to the school's approach for preventing and tackling bullying.
- The school has in place a range of ways to support children's mental health both within and beyond the school. To support children's mental health the school has; learning mentors, Emotional Literacy Support Assistants, an SEMH lead and Place 2 Be counsellors.

20. Children in need of a social worker (Child in Need and Child Protection Plans)

- The school recognises that pupils may need a social worker due to safeguarding or welfare needs and that children may need help due to abuse. We recognise that a child's experiences of adversity and trauma can leave

them vulnerable to further harm as well as potentially creating barriers to attendance, learning, behaviour and mental health.

- The DSL and all members of staff will work with and support social workers to help protect these and all vulnerable pupils. The DSL will always consider the support of the social worker to ensure any decisions are made in the best interests of the child's safety, well-being, welfare and educational outcomes.

21. Looked after children, previously looked after children and care leavers

- Eldon school will ensure that our staff have the skills, knowledge and understanding to keep looked-after and previously looked-after children safe.
- The DSL has details of students' social worker and relevant virtual school heads. Appropriate staff are provided with relevant information about each looked after child's legal status, contact arrangements with birth parents or those with parental responsibility, and care arrangements.
- The school has appointed a designated teacher, Sam Keiser, who is responsible for promoting the educational achievement of looked-after and previously looked-after children in line with statutory guidance. The designated teacher will have the relevant qualifications and experience and receive appropriate training to perform the role. The designated teacher will:
 - Work closely with the DSL to ensure that any safeguarding concerns regarding looked-after and previously looked-after children are quickly and effectively responded to.
 - Work with virtual school heads to promote the educational achievement of looked-after and previously looked-after children, including discussing how pupil premium funding can be best used to ensure each child's well-being and progress.
- The DSL and designated lead for looked after children will work with the local authority to ensure suitable arrangements are in place for care leavers, including with the appoint Personal Adviser, and will liaise with them should any issues occur.

22. Children who go missing from education (CME)

- Persistent absence or children that go missing from education can act as a vital warning sign of a range of safeguarding issues. This might include abuse or neglect, such as sexual abuse or exploitation or student criminal exploitation, or issues such as mental health problems, substance abuse, radicalisation, FGM or forced marriage
- The school has in place robust systems for recording and monitoring daily attendance and punctuality of pupils. This includes 'first day' calls, follow up calls, letters home and home visits.
- The school recognises the importance of keeping in touch with parents and carers to promote and ensure the welfare, well-being and safety of pupils. The school will hold more than one emergency number for each child to ensure that a parent/carer can be contacted urgently or for the DSL to check on the well-being of a pupil.
- The school is aware of its duty to report any missing children to the local authority. Full details of these systems for monitoring and supporting children with poor attendance and how the school follows statutory advice in removing pupils from the school roll can be found in the school's attendance policy

23. Child on Child Abuse

- All members of staff at Eldon recognise that children can abuse their peers. This can happen both in and out of school and online. We believe that no form of abuse can be tolerated. All victims will be taken seriously, offered reassurance and appropriate support, regardless of when and/or where the abuse has taken place and they are not creating a problem. Staff must be mindful that their response could impact on another child coming forward in future.
- All staff should understand the following aspects of child on child abuse and be clear about the school's approach:

- that even if there are no reports in their schools it does not mean it is not happening, it may be the case that it is just not being reported. As such it is important if staff have **any** concerns regarding peer on peer abuse they should speak to their designated safeguarding lead (or deputy).
 - the importance of challenging inappropriate behaviour between peers, many of which are listed below, that are actually abusive in nature. Downplaying certain behaviours, for example dismissing sexual harassment as “just banter”, “just having a laugh”, “part of growing up” or “boys being boys” can lead to a culture of unacceptable behaviours, an unsafe environment for children and in worst case scenarios a culture that normalises abuse leading to children accepting it as normal and not coming forward to report it.
 - that some peer on peer abuse issues may be affected by gender, age, ability and culture of those involved.
 - that children may not find it easy to tell staff and a reminder that children can show signs in ways they hope adults will notice and react.
- In line with KCSIE 2024 the school recognises that peer on peer abuse is likely to include, but may not be limited to:
 - bullying (including cyberbullying, prejudice-based and discriminatory bullying)
 - sexual violence
 - sexual harassment
 - upskirting
 - consensual and non-consensual sharing of nudes and semi nudes images and or videos (also known as sexting or youth produced sexual imagery);
 - Paragraph 49 fully details the types and forms of peer on peer abuse can take that staff should be aware of and can be found in Appendix 3 of this policy.

When responding to concerns relating to child on child sexual violence or harassment, school will follow guidance outlined in KCSIE 2024 Part 5 and ‘Sexual Violence and Sexual Harassment Between Children in Schools and Colleges’ September 2021.

- The school recognises consensual and non-consensual sharing of nudes and semi nudes images and or videos (also known as sexting or youth produced sexual imagery) as a safeguarding issue; all concerns must be reported to and dealt with by the DSL (or deputy). The school will follow DfE Searching Screening and Confiscation Advice and UKCIS Education Group Sharing nudes and semi-nudes advice for education settings.
- The school has detailed procedures in place for responding to and dealing with incidents of child on child abuse set out in appendix 3 of this policy. This includes the school’s response to any report of child on child abuse, including:
 - providing pastoral support
 - working with parents/carers
 - in cases of sexual assault, informing the police and/or Enfield’s Safeguarding Team.

24. Gangs, County Lines, Serious violence, Crime and Exploitation

- Eldon recognises the impact of gangs, county lines, serious violence, crime and sexual exploitation. It is recognised that the initial response to child victims is important and that staff will take any allegation seriously and work in ways that support children and keep them safe.
- All staff have been trained and recognise the need to be vigilant for the signs that may include, but not exclusively (see further information in Appendix 2):
 - unexplained gifts/new possessions – these can indicate children have been approached by/involved with individuals associated with criminal networks/gangs.
 - children who go missing for periods of time or regularly come home late
 - children who regularly miss school or education or do not take part in education
 - change in friendships/relationships with others/groups
 - children who associate with other young people involved in exploitation
 - children who suffer from changes in emotional well-being
 - significant decline in performance
 - signs of self-harm/significant change in wellbeing

- signs of assault/unexplained injuries.

25. Female genital mutilation (FGM)

- All staff are made aware of the issues around FGM, so-called 'honour'-based abuse and forced marriage, as well as the signs and symptoms, the actions they must take and the MANDATORY duty to reporting any concerns to the Police under Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015)
- Whilst all staff should speak to the designated safeguarding lead (or deputy) with regard to any concerns about female genital mutilation (FGM), there is a specific legal duty on teachers. If a teacher or member of staff, in the course of their work, discovers that an act of FGM appears to have been carried out (or maybe carried out) on a girl under the age of 18, the teacher/member of staff **must** report this to the police. See Appendix 2 for further details of this so-called 'honour'-based abuse and forced marriage. Those failing to report such cases may face disciplinary sanctions.
- Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fco.gov.uk.
- Since February 2023 it has also been a crime to carry out any conduct whose purpose is to cause a child to marry before their eighteenth birthday, even if violence, threats or another form of coercion are not used. As with the existing forced marriage law, this applies to non-binding, unofficial 'marriages' as well as legal marriages.

26. Preventing radicalisation

- Children are vulnerable to extremist ideology and radicalisation. Schools have a duty to prevent pupils from being drawn into terrorism. Appendix 2 sets more details for staff on preventing radicalisation.
- The DSL will undertake Prevent awareness training and make sure that staff are appropriately trained to equip them to identify and protect any pupils at risk of radicalisation.
- The DSL (and any deputies) are aware of local procedures for making a Prevent and Channel referral which is seen as part of the school's wider safeguarding obligations. Prevent referrals are assessed and may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are at risk of being drawn into terrorism and consider the appropriate support required. An individual will be required to provide their consent before any support delivered through the programme is provided.

27. Use of reasonable force

- The school has in place a policy for the use of reasonable force which enables and supports staff to make appropriate physical contact. This follows DfE guidance in the set of reasonable force, and includes the school's:
 - response to risks presented by incidents involving children with additional vulnerability - SEND, mental health or with medical conditions,
 - duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty
 - positive and proactive behaviour support to reduce the occurrence of challenging behaviour and the need to use reasonable force.

28. Curriculum and Staying Safe

- We recognise that schools play an essential role in helping children to understand and identify the parameters of what is appropriate child and adult behaviour; what is 'safe'; to recognise when they and others close to them are not safe; and how to seek advice and support when they are concerned.

- The school ensures that children are taught about safeguarding, including online safety, as part of providing a broad and balanced curriculum. This is set out in detail in the policies for RSE/PSHE/online safety. The school makes use of published guidance to develop and deliver this provision, including for RSE, PSHE, and teaching online safety.
- Our school plans and organises assemblies and workshops, throughout the year, that support children's understanding of how to keep themselves safe, both inside and outside of school.
- Our curriculum provides opportunities for increasing self-awareness, self-esteem, social and emotional understanding, assertiveness and decision making so that learners have a range of age appropriate contacts and strategies to ensure their own protection and that of others.
- The school recognises that one size does not fit all and takes a personalised and contextualised approach for more vulnerable children, victims of abuse and some SEND children, so they know how to assess risk and adopt safe practices.
- The school has implemented the mandatory DfE Relationships Education. The school is embedding this into all aspects of the curriculum to ensure equality, age-appropriate and full experiences for all pupils. Further details are given in our, RSE and PSHE curriculum policies.
- Our school systems, PSHE lessons and class circle times, support children to talk to about their concerns and worries with confidence in the knowledge they will be listened to and heard, and their concerns will be taken seriously and acted upon as appropriate.

29. Alternative provision

The school does not currently use any alternative provision.

30. Elective home education

If a parent/carer wishes to educate their child at home the school will provide advice and support to aid them in their decision making to help them make the right decision in the best interests of their child. This will include discussion with parents (and other professionals), awareness of additional needs of child with SEND and/or social worker, transition support, and informing the LA via EWO. This is particularly important where a child has special educational needs or a disability, and/or has a social worker, and/or is otherwise vulnerable. Where a child has an Education, Health and Care plan local authorities will need to review the plan, working closely with parents and carers.

31. Private fostering and host families

- Private fostering is defined as when someone who is not a parent or a 'close relative' (eg. great aunt, cousin, mum's friend or a neighbour) is looking after a child or young person under the age of 16 (under 18 if they are disabled) for 28 days or more in their own home. A relative is defined in the Children Act 1989 as a grandparent, uncle or aunt (whether by full-blood, half-blood or by marriage or civil partnership), sibling or step-parent. The school is aware of its duty to report to LA of any such arrangements the school learns about.

32. Safer Recruitment

- Eldon School is committed to ensure that we develop a safe culture and that all steps are taken to recruit staff and volunteers, this includes agency staff, contractors and third party staff) who are safe to work with our learners and staff.
- Eldon will follow the guidance in Keeping Children Safe in Education 2024 (Section 3 'Safer Recruitment') and from The Disclosure and Barring Service (DBS).
- The governing body and leadership team are responsible for ensuring that the school follows safe recruitment processes outlined within guidance.

- The school maintains an accurate Single Central Record (SCR) in line with statutory guidance.
- The governing body will ensure that at least one of the persons who conducts an interview has completed safer recruitment training.
- Eldon are committed to supporting the statutory guidance from the Department for Education on the application of the Childcare (Disqualification) Regulations 2009 and related obligations under the Childcare Act 2006 in schools.
- We expect all staff to disclose any reason that may affect their suitability to work with children including convictions, cautions, court orders, cautions, reprimands and warnings. Any staff member failing to make accurate declarations or misrepresenting themselves in any way will be subject to the school's disciplinary policy.
- We will ensure that all staff and volunteers have read the staff code of conduct and understand that their behaviour and practice must be in line with it.

33. Concerns and allegations against members of staff and adults in the school

- Eldon school recognises that it is possible for any member of staff or adult working on behalf of the school, including volunteers, governors, contractors, agency and third party staff (including supply teachers), visitors and contractors, to behave in a way that:
 - indicates they have harmed a child, or may have harmed a child;
 - means they have committed a criminal offence against or related to a child;
 - behaved towards a child or children in a way that indicates he or she may pose a risk of harm to children; or
 - behaved or may have behaved in a way that indicates they may not be suitable to work with children.
- All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school safeguarding regime. The leadership team takes all concerns or allegations received seriously. If a member of staff, volunteer or other adult is concerned at the lack of response or feels their concerns will not be taken seriously then they should consider Whistle blowing - see section below.
- Allegations should be referred immediately to the Headteacher who will contact the Local Authority Designated Officer (LADO) to agree further action to be taken in respect of the child and staff member.
- In the event of allegations of abuse being made against the Headteacher, staff are advised that allegations should be reported to the chair of governors will contact the LADO.
- The school's procedures are consistent with local safeguarding procedures and practice guidance. In line with KCSIE 2024, we have policy and procedures in place for:
 - Allegations that may meet the harms threshold
 - Concerns that do not meet the harm threshold

Duty to refer to the Disclosure and Barring Service

- Eldon has a legal requirement to refer to the Disclosure and Barring Service (DBS) where they remove an individual from regulated activity (or would have removed an individual had they not left), and they believe the individual has:
 - engaged in relevant conduct in relation to children and/or adults,
 - satisfied the harm test in relation to children and/or vulnerable adults; or
 - been cautioned or convicted of a relevant (automatic barring either with or without the right to make representations) offence.
- Referrals will be made as soon as possible, when an individual has been removed from regulated activity. This could include when an individual is suspended, redeployed into work in an activity that is not regulated, dismissed or resigned. The school will provide the DBS with full information.
- When an allegation is made, an investigation will be carried out to gather evidence to establish if it has foundation, and the school will ensure they have sufficient information to meet the referral duty criteria in the DBS referral guidance.

- The DBS will consider whether to bar the person. If these circumstances arise in relation to a member of staff at our school, a referral will be made as soon as possible after the resignation or removal of the individual in accordance with advice from the LADO and/or Schools Personnel Service.

Duty to consider referral to the Teaching Regulation Agency

- If the school or teacher's employer, including an agency, dismisses or ceases to use the services of a teacher because of serious misconduct, or might have dismissed them or ceased to use their services had they not left first, consideration will **be** given to referring the case to the Secretary of State, as required by sections 141D and 141E of the Education Act 2002.
- The Secretary of State may investigate the case, and if s/he finds there is a case to answer, must then decide whether to make a prohibition order in respect of the person.

34. Whistle blowing

- All staff and volunteers should feel able to raise concerns about poor or unsafe practice or other wrong-doing and be secure that such concerns will always be taken seriously by the leadership team. Wrong-doing covered by this 'public interest disclosure' includes:
 - someone's health and safety is in danger;
 - damage to the environment
 - a criminal offence (eg fraud)
 - not obeying the law;
 - covering up wrong-doing
 - misusing public funds
 - actions that negatively affect the welfare of children
- All members of staff are made aware of the school Whistleblowing procedure – see policy on the website. It is a disciplinary offence not to report concerns about the conduct of a colleague that could place a child at risk.
- The DfE provides advice to staff who feel they need to raise concerns: Whistleblowing procedure for maintained schools [Whistleblowing procedure for maintained schools - GOV.UK \(www.gov.uk\)](http://www.gov.uk) and Whistleblowing [Whistleblowing for employees - GOV.UK \(www.gov.uk\)](http://www.gov.uk).
- Staff should raise concerns with
 - Line Manger
 - Specified person (or governor) in school such as the headteacher or DSL
 - Local Authority
 - Union or Professional Association
- Staff can also access the NSPCC whistleblowing helpline if they do not feel able to raise concerns regarding child protection failures internally. Staff can call 0800 028 0285 (8:00 AM to 8:00 PM Monday to Friday) or email help@nspcc.org.uk.

35. The use of premises by other organisations

- Where services or activities are provided under the direct supervision/management of staff the school arrangements for child protection will apply.
- Where services or activities are provided separately by another body using the school premises, the Headteacher and governing body/leadership/management committee will:
 - seek written assurance that the organisation concerned has appropriate policies and procedures in place with regard to safeguarding children and child protection, and that relevant safeguarding checks have been made in respect of staff and volunteers.
 - put in place arrangements for the organisation to liaise with the school on safeguarding matters
 - include safeguarding requirements in any transfer of control agreement (i.e. lease or hire agreement), as a condition of use and occupation of the premises; and that failure to comply with this would lead to termination of the agreement. If this assurance is not achieved, an application to use premises will be refused.

The school will follow its safeguarding policies and procedures, including informing the LADO, relating to any incident(s) that happen when an individual or organisation is using their school premises for the purposes of running

activities for children (for example community groups, sports associations, or service providers that run extra-curricular activities).

36. Site security and arrangements for visitors

- All members of staff have a responsibility for maintaining awareness of buildings and grounds security and for reporting concerns that may come to light. Any individual who is not known or identifiable on site should be challenged for clarification and reassurance.
- Appropriate checks will be undertaken in respect of visitors and volunteers coming into school as outlined within in paragraphs 281-286 of KCSIE 2024. Visitors will be expected to sign in and out via the office visitors log and to display a visitor's badge whilst on site. Visitors will be provided with a leaflet outlining the school's safeguarding and child protection arrangements. All visitors are expected to follow these school arrangements.
- The headteacher/principal will use their professional judgement to decide on access arrangements and if a visitor should be supervised and/or escorted.
- The school will give careful consideration to the suitability of any external organisations who may provide information, resources & speakers to pupils. The arrangements for the individuals providing these services on the school's premises may include an assessment of their education value, the age appropriateness of what is going to be delivered and whether relevant checks will be required (eg for multiple sessions).
- The school will not accept the behaviour of any individual (parent or other) that threatens school security or leads others (child or adult) to feel unsafe. Such behaviour will be treated as a serious concern and may result in a decision to refuse access for that individual to the school site.

37. Complaints

- The school has a Complaints Procedure available to parents, learners and members of staff and visitors who wish to report concerns. This can be found on the school website.
- All reported concerns will be taken seriously and considered within the relevant and appropriate process. Anything that constitutes an allegation against a member of staff or volunteer will be dealt with under the specific Procedures for Managing Allegations against Staff in Appendix 5 or this policy.

38. Policy Monitoring and Review

- This policy will be reviewed at least annually. The policy will be revised following any national or local policy updates, any local child protection concerns and/or any changes to our procedures. Staff will be informed of any changes made.
- The DSL and safeguarding team meet weekly to review all safeguarding cases and check on the actions taken and what further actions are needed. This includes pupils with early help and child protection plans. Pastoral teams meet regularly to check and review any emerging patterns which may suggest a safeguarding concern, issues may include attendance, behaviour, peer relationships and concerns raised by staff.
- The Designated Safeguarding Lead provides termly reports on safeguarding activity and systems to the governing body safeguarding committee. The committee will not receive details of individual children's situations or identifying features of families as part of their oversight responsibility.
- The governing body understands its responsibilities and duties as set out in KCSIE 2024 to ensure the effectiveness of the school's safeguarding arrangements including those for online safety. In addition to the regular reports provided by the DSL, governors will take a proactive varied approach to checking the school's safeguarding arrangements. This will include: meetings with the DSL, visits to school, ascertaining the views of staff, pupils and parents through discussions and/or surveys, use of an audit tool, asking all governors to ask a safeguarding question during meetings with leaders/staff on other aspects of school life (such as subject meetings or SENCo meeting), termly checks of the SCR.

Appendix 1: Categories of Abuse

All staff should be aware that abuse, neglect and safeguarding issues are rarely standalone events that can be covered by one definition or label. In most cases multiple issues will overlap with one another.

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. They may be abused by an adult or adults or another child or children. It should be noted that abuse can be carried out both on and offline and be perpetrated by men, women and children.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Signs that MAY INDICATE Sexual Abuse

- Sudden changes in behaviour and performance
- Displays of affection which are sexual and age inappropriate
- Self-harm, self-mutilation or attempts at suicide
- Alluding to secrets which they cannot reveal
- Tendency to cling or need constant reassurance
- Regression to younger behaviour for example thumb sucking, playing with discarded toys, acting like a baby
- Distrust of familiar adults e.g. anxiety of being left with relatives, a childminder or lodger
- Unexplained gifts or money
- Depression and withdrawal
- Fear of undressing for PE
- Sexually transmitted disease
- Fire setting

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Signs that MAY INDICATE physical abuse

- Bruises and abrasions around the face
- Damage or injury around the mouth
- Bi-lateral injuries such as two bruised eyes
- Bruising to soft area of the face such as the cheeks
- Fingertip bruising to the front or back of torso
- Bite marks
- Burns or scalds (unusual patterns and spread of injuries)
- Deep contact burns such as cigarette burns
- Injuries suggesting beatings (strap marks, welts)
- Covering arms and legs even when hot
- Aggressive behaviour or severe temper outbursts.
- Injuries need to be accounted for. Inadequate, inconsistent or excessively plausible explanations or a delay in seeking treatment should signal concern.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of

exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Signs that MAY INDICATE emotional abuse

- Over reaction to mistakes
- Lack of self-confidence/esteem
- Sudden speech disorders
- Self-harming
- Eating Disorders
- Extremes of passivity and/or aggression
- Compulsive stealing
- Drug, alcohol, solvent abuse
- Fear of parents being contacted
- Unwillingness or inability to play
- Excessive need for approval, attention and affection

Neglect: the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

Signs that MAY INDICATE neglect.

- Constant hunger
- Poor personal hygiene
- Constant tiredness
- Inadequate clothing
- Frequent lateness or non-attendance
- Untreated medical problems
- Poor relationship with peers
- Compulsive stealing and scavenging
- Rocking, hair twisting and thumb sucking
- Running away
- Loss of weight or being constantly underweight
- Low self esteem

Appendix 2: Specific safeguarding issues (KCSIE Annex B)

This text is taken from Annex B of KCSIE 2022 which contains further important additional information about specific forms of abuse and safeguarding issues.

Child abduction and community safety incidents

Child abduction is the unauthorised removal or retention of a minor from a parent or anyone with legal responsibility for the child. Child abduction can be committed by parents or other family members; by people known but not related to the victim (such as neighbours, friends and acquaintances); and by strangers. Other community safety incidents in the vicinity of a school can raise concerns amongst children and parents, for example, people loitering nearby or unknown adults engaging children in conversation. As children get older and are granted more independence (for example, as they start walking to school on their own) it is important they are given practical advice on how to keep themselves safe. Many schools provide outdoor-safety lessons run by teachers or by local police staff. It is important that lessons focus on building children's confidence and abilities rather than simply warning them about all strangers. Further information is available at: www.actionagainstabduction.org and www.clevernevergoes.org.

Child Criminal Exploitation (CCE) and Child Sexual Exploitation (CSE)

We know that different forms of harm often overlap, and that perpetrators may subject children and young people to multiple forms of abuse, such as criminal exploitation (including county lines) and sexual exploitation. In some cases the exploitation or abuse will be in exchange for something the victim needs or wants (for example, money, gifts or affection), and/or will be to the financial benefit or other advantage, such as increased status, of the perpetrator or facilitator. Children can be exploited by adult males or females, as individuals or in groups. They may also be exploited by other children, who themselves may be experiencing exploitation – where this is the case, it is important that the child perpetrator is also recognised as a victim. Whilst the age of the child may be a contributing factor for an imbalance of power, there are a range of other factors that could make a child more vulnerable to exploitation, including, sexual identity, cognitive ability, learning difficulties, communication ability, physical strength, status, and access to economic or other resources. Some of the following can be indicators of both child criminal and sexual exploitation where children: • appear with unexplained gifts, money or new possessions^{32 142} • associate with other children involved in exploitation • suffer from changes in emotional well-being • misuse alcohol and other drugs • go missing for periods of time or regularly come home late, and • regularly miss school or education or do not take part in education. Children who have been exploited will need additional support to help keep them in education. Child Sexual Exploitation (CSE) can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence. Some additional specific indicators that may be present in CSE are children who: • have older boyfriends or girlfriends; and • suffer from sexually transmitted infections, display sexual behaviours beyond expected sexual development or become pregnant. Further information on signs of a child's involvement in sexual exploitation is available in Home Office guidance: Child sexual exploitation: guide for practitioners

County lines

County lines is a term used to describe gangs and organised criminal networks involved in exporting illegal drugs using dedicated mobile phone lines or other form of "deal line". This activity can happen locally as well as across the UK - no specified distance of travel is required. Children and vulnerable adults are exploited to move, store and sell drugs and money. Offenders will often use coercion, intimidation, violence (including sexual violence) and weapons to ensure compliance of victims. Children can be targeted and recruited into county lines in a number of locations including any type of schools (including special schools), further and higher educational institutions, pupil referral units, children's homes and care homes. Children are also increasingly being targeted and recruited online using social media. Children can easily become trapped by this type of exploitation as county lines gangs can manufacture drug debts which need to be worked off or threaten serious violence and kidnap towards victims (and their families) if they attempt to leave the county lines network.^{32 143} A number of the indicators for CSE and CCE as detailed above may be applicable to where children are involved in county lines. Some additional specific indicators that may be present where a child is criminally exploited through involvement in county lines are children who: • go missing and are subsequently found in areas away from their home • have been the victim or perpetrator of serious violence (e.g. knife crime) • are involved in receiving requests for drugs via a phone line, moving drugs, handing over and collecting money for drugs • are exposed to techniques such as 'plugging', where drugs are concealed internally to avoid detection • are found in accommodation that they have no connection with, often called a 'trap house or cuckooing' or hotel room where there is drug activity • owe a 'debt bond' to their exploiters • have their bank accounts used to facilitate drug dealing. Further information on the signs of a child's involvement in county lines is available in guidance published by the Home Office and The Children's Society County Lines Toolkit For Professionals

Children and the court system

Children are sometimes required to give evidence in criminal courts, either for crimes committed against them or for crimes they have witnessed. There are two age appropriate guides to support children 5-11-year olds and 12-17 year olds. The guides explain each step of the process, support and special measures that are available. There are diagrams illustrating the courtroom structure and the use of video links is explained. Making child arrangements via the family courts following separation can be stressful and entrench conflict in families. This can be stressful for children. The Ministry of Justice has launched an online child arrangements information tool with clear and concise information on the dispute resolution service. This may be useful for some parents and carers.

Children missing from education

All staff should be aware that children going missing, particularly repeatedly, can act as a vital warning sign of a range of safeguarding possibilities. This may include abuse and neglect, which may include sexual abuse or exploitation and can also be a sign of child 144 criminal exploitation including involvement in county lines. It may indicate mental health problems, risk of substance abuse, risk of travelling to conflict zones, risk of female genital mutilation, 'honour'-based abuse or risk of forced marriage. Early intervention is essential to identify the existence of any underlying safeguarding risk and to help prevent the risks of a child going missing in future. It is important that staff are aware of their school's or college's unauthorised absence and children missing from education procedures.

Children with family members in prison

Approximately 200,000 children in England and Wales have a parent sent to prison each year. These children are at risk of poor outcomes including poverty, stigma, isolation and poor mental health. The National Information Centre on Children of Offenders, NICCO provides information designed to support professionals working with offenders and their children, to help mitigate negative consequences for those children.

Cybercrime

Cybercrime is criminal activity committed using computers and/or the internet. It is broadly categorised as either 'cyber-enabled' (crimes that can happen off-line but are enabled at scale and at speed on-line) or 'cyber dependent' (crimes that can be committed only by using a computer). Cyber-dependent crimes include: • unauthorised access to computers (illegal 'hacking'), for example accessing a school's computer network to look for test paper answers or change grades awarded • 'Denial of Service' (Dos or DDoS) attacks or 'booting'. These are attempts to make a computer, network or website unavailable by overwhelming it with internet traffic from multiple sources, and, • making, supplying or obtaining malware (malicious software) such as viruses, spyware, ransomware, botnets and Remote Access Trojans with the intent to commit further offence, including those above. Children with particular skills and interest in computing and technology may inadvertently or deliberately stray into cyber-dependent crime. If there are concerns about a child in this area, the designated safeguarding lead (or a deputy), should consider referring into the Cyber Choices programme. This is a nationwide police programme supported by the Home Office and led by the National Crime Agency, working with regional and local policing. It aims to intervene where young people are at risk of committing, or being drawn into, low-level cyber-dependent offences and divert them to a more positive use of their skills and interests.³³ 145 Note that Cyber Choices does not currently cover 'cyber-enabled' crime such as fraud, purchasing of illegal drugs on-line and child sexual abuse and exploitation, nor other areas of concern such as on-line bullying or general on-line safety. Additional advice can be found at: Cyber Choices, 'NPCC-When to call the Police' and National Cyber Security Centre - NCSC.GOV.UK.

Domestic abuse

The Domestic Abuse Act 2021 received Royal Assent on 29 April 2021. The Act introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse. The statutory definition of domestic abuse, based on the previous cross-government definition, ensures that different types of relationships are captured, including ex-partners and family members. The definition captures a range of different abusive behaviours, including physical, emotional and economic abuse and coercive and controlling behaviour. Under the statutory definition, both the person who is carrying out the behaviour and the person to whom the behaviour is directed towards must be aged 16 or over and they must be "personally connected" (as defined in section 2 of the 2021 Act). Types of domestic abuse include intimate partner violence, abuse by family members, teenage relationship abuse and child to parent abuse. Anyone can be a victim of domestic abuse, regardless of sexual identity, age, ethnicity, socio-economic status, sexuality or background and domestic abuse can take place inside or outside of the home. The government has issued statutory guidance to provide further information for those working with domestic abuse victims and perpetrators, including the impact on children. All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Experiencing domestic abuse can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result. Young people can also experience domestic abuse

within their own intimate relationships. This form of child-on-child abuse is sometimes referred to as 'teenage relationship abuse'. Depending on the age of the young people, this may not be recognised in law under the statutory definition of 'domestic abuse' (if one or both parties are under 16). However, as with any child under 18, where there are concerns about safety or welfare, child safeguarding procedures should be followed and both young victims and young perpetrators should be offered support.

Operation Encompass

Operation Encompass operates in all police forces across England. It helps police and schools work together to provide emotional and practical help to children. The system ensures that when the police are called to an incident of domestic abuse, where there are children in the household who have experienced the domestic incident, the police will inform the key adult (usually the designated safeguarding lead (or a deputy)) in school before the child or children arrive at school the following day. This ensures that the school has up to date relevant information about the child's circumstances and can enable immediate support to be put in place, according to the child's needs. Operation Encompass does not replace statutory safeguarding procedures. Where appropriate, the police and/or schools should make a referral to local authority children's social care if they are concerned about a child's welfare. More information about the scheme and how schools can become involved is available on the Operation Encompass website. Operation Encompass provides an advice and helpline service for all staff members from educational settings who may be concerned about children who have experienced domestic abuse. The helpline is available 8AM to 1PM, Monday to Friday on 0204 513 9990 (charged at local rate).

National Domestic Abuse Helpline

Refuge runs the National Domestic Abuse Helpline, which can be called free of charge and in confidence, 24 hours a day on 0808 2000 247. Its website provides guidance and support for potential victims, as well as those who are worried about friends and loved ones. It also has a form through which a safe time from the team for a call can be booked. Additional advice on identifying children who are affected by domestic abuse and how they can be helped is available at: • NSPCC- UK domestic-abuse Signs Symptoms Effects • Refuge what is domestic violence/effects of domestic violence on children • Safe Young Lives: Young people and domestic abuse | Safelives • Domestic abuse: specialist sources of support (includes information for adult victims, young people facing abuse in their own relationships and parents experiencing child to parent violence/abuse) • Home : Operation Encompass (includes information for schools on the impact of domestic abuse on children)³⁴

Homelessness

Being homeless or being at risk of becoming homeless presents a real risk to a child's welfare. The designated safeguarding lead (and any deputies) should be aware of contact details and referral routes into the Local Housing Authority so they can raise/progress concerns at the earliest opportunity. Indicators that a family may be at risk of homelessness include household debt, rent arrears, domestic abuse and anti-social behaviour, as well as the family being asked to leave a property. Whilst referrals and/or discussion with the Local Housing Authority should be progressed as appropriate, and in accordance with local procedures, this does not, and should not, replace a referral into local authority children's social care where a child has been harmed or is at risk of harm. The Homelessness Reduction Act 2017 places a new legal duty on English councils so that everyone who is homeless or at risk of homelessness will have access to meaningful help including an assessment of their needs and circumstances, the development of a personalised housing plan, and work to help them retain their accommodation or find a new place to live. The following factsheets usefully summarise the new duties: Homeless Reduction Act Factsheets. The new duties shift the focus to early intervention and encourages those at risk to seek support as soon as possible, before they are facing a homelessness crisis. In most cases school and college staff will be considering homelessness in the context of children who live with their families, and intervention will be on that basis. However, it should also be recognised in some cases 16 and 17 year olds could be living independently from their parents or guardians, for example through their exclusion from the family home, and will require a different level of intervention and support. Local authority children's social care will be the lead agency for these children and the designated safeguarding lead (or a deputy) should ensure appropriate referrals are made based on the child's circumstances. The Department for Levelling Up, Housing and Communities have published joint statutory guidance on the provision of accommodation for 16 and 17 year olds who may be homeless and/or require accommodation: here.

Mental health

Where children have suffered abuse and neglect, or other potentially traumatic adverse childhood experiences, this can have a lasting impact throughout childhood, adolescence and into adulthood. It is key that staff are aware of how these children's experiences, can impact on their mental health, behaviour, and education.³⁴ 148 More information can be found in the Mental health and behaviour in schools guidance, colleges may also wish to follow this guidance as best practice. Public Health England¹⁴⁷ has produced a range of resources to support secondary school

teachers to promote positive health, wellbeing and resilience among children. See Every Mind Matters for links to all materials and lesson plans.

Modern Slavery and the National Referral Mechanism

Modern slavery encompasses human trafficking and slavery, servitude and forced or compulsory labour. Exploitation can take many forms, including: sexual exploitation, forced labour, slavery, servitude, forced criminality and the removal of organs. Further information on the signs that someone may be a victim of modern slavery, the support available to victims and how to refer them to the NRM is available in Statutory Guidance. Modern slavery: how to identify and support victims - GOV.UK

Preventing radicalisation

Children are vulnerable to extremist ideology and radicalisation. Similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools or colleges safeguarding approach.

Extremism¹⁴⁸ is the vocal or active opposition to our fundamental values, including democracy, the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.

Radicalisation¹⁴⁹ refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Terrorism¹⁵⁰ is an action that endangers or causes serious violence to a person/people; causes serious damage to property; or seriously interferes or disrupts an electronic system. The use or threat must be designed to influence the government or to intimidate the public and is made for the purpose of advancing a political, religious or ideological

147 Public Health England: has now been replaced by the UK Health Security Agency and the Office for Health Improvement and Disparities (OHID), which is part of the Department of Health and Social Care, and by the UK Health Security Agency. However, the branding remains unchanged. 148 As defined in the Government's Counter Extremism Strategy <https://www.gov.uk/government/publications/counter-extremism-strategy>. 149 As defined in the Revised Prevent Duty Guidance for England and Wales. <https://www.gov.uk/government/publications/prevent-duty-guidance/revised-prevent-duty-guidance-forengland-and-wales> 150 As defined in the Terrorism Act 2000 (TACT 2000) <http://www.legislation.gov.uk/ukpga/2000/11/contents35> 149 cause.

Although there is no single way of identifying whether a child is likely to be susceptible to an extremist ideology, there are possible indicators that should be taken into consideration alongside other factors and contexts. Background factors combined with specific influences such as family and friends may contribute to a child's vulnerability. Similarly, radicalisation can occur through many different methods (such as social media or the internet) and settings (such as within the home).

However, it is possible to protect vulnerable people from extremist ideology and intervene to prevent those at risk of radicalisation being radicalised. As with other safeguarding risks, staff should be alert to changes in children's behaviour, which could indicate that they may be in need of help or protection. Staff should use their judgement in identifying children who might be at risk of radicalisation and act proportionately which may include the designated safeguarding lead (or a deputy) making a Prevent referral.

Although not a cause for concern on their own, possible indicators when taken into consideration alongside other factors or context may be a sign of being radicalised. Further information and a list of such indicators can be found at Radicalisation and Extremism - Examples and Behavioural Traits (educateagainsthate.com)

The Prevent duty

All schools and colleges are subject to a duty under section 26 of the Counter-Terrorism and Security Act 2015 (the CTSA 2015), in the exercise of their functions, to have "due regard¹⁵¹ to the need to prevent people from being drawn into terrorism".¹⁵² This duty is known as the Prevent duty. The Prevent duty should be seen as part of schools' and colleges' wider safeguarding obligations. Designated safeguarding leads (and deputies) and other senior leaders in schools should familiarise themselves with the revised Prevent duty guidance: for England and Wales, especially paragraphs 57-76, which are specifically concerned with schools (and also covers childcare). Designated safeguarding leads (and deputies) and other senior leaders in colleges should familiarise themselves with the Prevent duty guidance: for further education institutions in England and Wales. The guidance is set out in terms of four general themes: risk assessment, working in partnership, staff training, and IT policies. ¹⁵¹ According to the Prevent duty guidance 'having due regard' means that the authorities should place an appropriate amount of weight

on the need to prevent people being drawn into terrorism when they consider all the other factors relevant to how they carry out their usual functions. 152 “Terrorism” for these purposes has the same meaning as for the Terrorism Act 2000 (section 1(1) to (4) of that Act).³⁶ 150 The school’s or college’s designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

Channel

Channel is a voluntary, confidential support programme which focuses on providing support at an early stage to people who are identified as being vulnerable to being drawn into terrorism. Prevent referrals may be passed to a multi-agency Channel panel, which will discuss the individual referred to determine whether they are vulnerable to being drawn into terrorism and consider the appropriate support required. A representative from the school or college may be asked to attend the Channel panel to help with this assessment. An individual’s engagement with the programme is entirely voluntary at all stages. The designated safeguarding lead (or a deputy) should consider if it would be appropriate to share any information with the new school or college in advance of a child leaving. For example, information that would allow the new school or college to continue supporting victims of abuse or those who are currently receiving support through the ‘Channel’ programme, and have that support in place for when the child arrives. Statutory guidance on Channel is available at: Channel guidance.

Additional support

The Department has published further advice for schools on the Prevent duty. The advice is intended to complement the Prevent guidance and signposts to other sources of advice and support. The Home Office has developed three e-learning modules: • Prevent awareness e-learning offers an introduction to the Prevent duty. • Prevent referrals e-learning supports staff to make Prevent referrals that are robust, informed and with good intention. • Channel awareness e-learning is aimed at staff who may be asked to contribute to or sit on a multi-agency Channel panel. Educate Against Hate, is a government website designed to support school teachers and leaders to help them safeguard their students from radicalisation and extremism. The platform provides free information and resources to help school staff identify and address the risks, as well as build resilience to radicalisation. For advice specific to further education, the Education and Training Foundation (ETF) hosts the Prevent for FE and Training. This hosts a range of free, sector specific resources to support further education settings to comply with the Prevent duty. This 151 includes the Prevent Awareness e-learning, which offers an introduction to the duty, and the Prevent Referral e-learning, which is designed to support staff to make robust, informed and proportionate referrals. The ETF Online Learning environment provides online training modules for practitioners, leaders and managers, to support staff and governors/Board members in outlining their roles and responsibilities under the duty. London Grid for Learning have also produced useful resources on Prevent (Online Safety Resource Centre - London Grid for Learning (lgfl.net)).

Sexual violence and sexual harassment between children in schools and colleges

Sexual violence and sexual harassment can occur between two children of any age and sex from primary to secondary stage and into colleges. It can also occur online. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children. Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school or college. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and face to face (both physically and verbally) and are never acceptable. It is essential that all victims are reassured that they are being taken seriously and that they will be supported and kept safe. A victim should never be given the impression that they are creating a problem by reporting sexual violence or sexual harassment. Nor should a victim ever be made to feel ashamed for making a report. Detailed advice is available in Part five of this guidance.

Serious Violence

There are a number of indicators, which may signal children are at risk from, or are involved with, serious violent crime. These may include: • increased absence from school • a change in friendships or relationships with older individuals or groups • a significant decline in performance • signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries³⁶ 152 • unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs and may be at risk of criminal exploitation. The likelihood of involvement in serious violence may be increased by factors such as: • being male • having been frequently absent or permanently excluded from school • having experienced child maltreatment and having been involved in offending, such as theft or robbery. A fuller list of risk factors can be found in the Home Office’s Serious Violence Strategy. Professionals should also be aware that violence can often peak in the hours just before or just after school, when pupils are travelling to and from school. These times can be particularly risky for young people involved in serious violence. Advice for schools and colleges is provided in the Home Office’s Criminal exploitation of children and vulnerable adults: county lines guidance. The Youth Endowment Fund (YEF) Toolkit sets out the evidence for what works in preventing young people from becoming involved in

violence. Home Office funded Violence Reduction Units (VRU) operate in the 20 police force areas across England and Wales that have the highest volumes of serious violence, as measured by hospital admissions for injury with a sharp object. A list of these locations can be found here. As the strategic co-ordinators for local violence prevention, each VRU is mandated to include at least one local education representative within their Core Membership group, which is responsible for setting the direction for VRU activity. Schools and educational partners within these areas are encouraged to reach out to their local VRU, either directly or via their education Core Member, to better ingrain partnership working to tackle serious violence across local areas and ensure a joined up approach to young people across the risk spectrum. The Police, Crime, Sentencing and Courts Act will introduce early in 2023 a new duty on a range of specified authorities, such as the police, local government, youth offending teams, health and probation services, to work collaboratively, share data and information, and put in place plans to prevent and reduce serious violence within their local communities. Educational authorities and prisons/youth custody authorities will be under a separate duty to co-operate with core duty holders when asked, and there will be a requirement for the partnership to consult with all such institutions in their area. The Duty is not intended to replace or duplicate existing safeguarding duties. Local partners may choose to meet the requirements of the Duty through existing multi-agency 153 structures, such as multi-agency safeguarding arrangements, providing the correct set of partners are involved.

So-called 'honour'-based abuse (including Female Genital Mutilation and Forced Marriage)

So-called 'honour'-based abuse (HBA) encompasses incidents or crimes which have been committed to protect or defend the honour of the family and/or the community, including female genital mutilation (FGM), forced marriage, and practices such as breast ironing. Abuse committed in the context of preserving 'honour' often involves a wider network of family or community pressure and can include multiple perpetrators. It is important to be aware of this dynamic and additional risk factors when deciding what form of safeguarding action to take. All forms of HBA are abuse (regardless of the motivation) and should be handled and escalated as such. Professionals in all agencies, and individuals and groups in relevant communities, need to be alert to the possibility of a child being at risk of HBA, or already having suffered HBA.

Actions

If staff have a concern regarding a child who might be at risk of HBA or who has suffered from HBA, they should speak to the designated safeguarding lead (or a deputy). As appropriate, the designated safeguarding lead (or a deputy) will activate local safeguarding procedures, using existing national and local protocols for multi-agency liaison with the police and local authority children's social care. Where FGM has taken place, since 31 October 2015 there has been a mandatory reporting duty placed on teachers¹⁵³ that requires a different approach (see below).

FGM

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

FGM mandatory reporting duty for teachers

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers, along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM ¹⁵³ Under Section 5B(11)(a) of the Female Genital Mutilation Act 2003, "teacher" means, in relation to England, a person within section 141A(1) of the Education Act 2002 (persons employed or engaged to carry out teaching work at schools and other institutions in England). ¹⁵⁴ appears to have been carried out on a girl under 18. Those failing to report such cases may face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining pupils or students, but the same definition of what is meant by "to discover that an act of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies. Information on when and how to make a report can be found at: Mandatory reporting of female genital mutilation procedural information. Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out.¹⁵⁴ Unless the teacher has good reason not to, they should still consider and discuss any such case with the school's or college's designated safeguarding lead (or a deputy) and involve local authority children's social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures. The following is a useful summary of the FGM mandatory reporting duty: FGM Fact Sheet. Further information can be found in the Multi-agency statutory guidance on female genital mutilation and the FGM resource pack particularly section 13.

Forced marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some perpetrators use perceived cultural practices to coerce a person into marriage. Schools and colleges can play an important role in safeguarding children from forced marriage. The Forced Marriage Unit (FMU) has created: Multi-agency practice guidelines: handling cases of forced marriage (pages 75-80 of which focus on the role of schools and colleges) and, Multi-agency statutory guidance for dealing with forced marriage, which can both be found at The right to choose: government guidance on forced marriage - 154 Section 5B(6) of the Female Genital Mutilation Act 2003 states teachers need not report a case to the police if they have reason to believe that another teacher has already reported the case.³⁸ 155 GOV.UK (www.gov.uk) School and college staff can contact the Forced Marriage Unit if they need advice or information: Contact: 020 7008 0151 or email fm@fcdo.gov.uk.

Appendix 3

Allegations of abuse made against other pupils: Response

We recognise that children are capable of abusing their peers. Abuse will never be tolerated or passed off as “banter”, “just having a laugh” or “part of growing up”.

We also recognise the gendered nature of peer-on-peer abuse. However, all peer-on-peer abuse is unacceptable and will be taken seriously.

Most cases of pupils hurting other pupils will be dealt with under our school’s behaviour policy, but this appendix to the safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation, sexual abuse or sexual harassment, such as indecent exposure, sexual assault, up-skirting or sexually inappropriate pictures or videos (including sexting)
- If a pupil makes an allegation of abuse against another pupil:

What will staff do

- Listen carefully to the child making a complaint
- Record the allegation on CPOMS and speak to the DSL
- The DSL will contact the local authority children’s social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved (including the victim(s), the child(ren) against whom the allegation has been made and any others affected) with a named person they can talk to if needed
- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate
- The SLT will decide appropriate sanctions in liaison with the victim and outside agencies

We will minimise the risk of peer-on-peer abuse by:

- Challenging any form of derogatory or sexualised language or behaviour, including requesting or sending sexual images
- Being vigilant to issues that particularly affect different genders – for example, sexualised or aggressive language, touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Ensuring our curriculum helps to educate pupils about appropriate behavior, respect and consent
- Ensuring pupils know they can talk to staff confidentially by teaching this in PSHE and through Place 2 Be
- Ensuring staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy

Sexting

If a staff member is made aware of an incident involving sexting (also known as ‘youth produced sexual imagery’), they must report it to the DSL immediately.

You must **not**:

- View, copy, print, share, store or save the imagery yourself, or ask a pupil to share or download it (if you have already viewed the imagery by accident, you must report this to the DSL)

- Delete the imagery or ask the pupil to delete it
- Ask the pupil(s) who are involved in the incident to disclose information regarding the imagery (this is the DSL's responsibility)
- Share information about the incident with other members of staff, the pupil(s) it involves or their, or other, parents and/or carers
- Say or do anything to blame or shame any young people involved

You should explain that you need to report the incident, and reassure the pupil(s) that they will receive support and help from the DSL.

Initial review meeting

Following a report of an incident, the DSL will hold an initial review meeting with appropriate school staff – this may include the staff member who reported the incident and the safeguarding or leadership team that deals with safeguarding concerns. This meeting will consider the initial evidence and aim to determine:

- Whether there is an immediate risk to pupil(s)
- If a referral needs to be made to the police and/or children's social care
- If it is necessary to view the image(s) in order to safeguard the young person (in most cases, images or videos should not be viewed)
- What further information is required to decide on the best response
- Whether the image(s) has been shared widely and via what services and/or platforms (this may be unknown)
- Whether immediate action should be taken to delete or remove images or videos from devices or online services
- Any relevant facts about the pupils involved which would influence risk assessment
- If there is a need to contact another school, college, setting or individual
- Whether to contact parents or carers of the pupils involved (in most cases parents/carers should be involved)

The DSL will make an immediate referral to police and/or children's social care if:

- The incident involves an adult
- There is reason to believe that a young person has been coerced, blackmailed or groomed, or if there are concerns about their capacity to consent (for example owing to special educational needs)
- What the DSL knows about the images or videos suggests the content depicts sexual acts which are unusual for the young person's developmental stage, or are violent
- The imagery involves sexual acts and any pupil in the images or videos is under 13
- The DSL has reason to believe a pupil is at immediate risk of harm owing to the sharing of nudes and semi-nudes (for example, the young person is presenting as suicidal or self-harming)

If none of the above apply then the DSL, in consultation with the other members of staff as appropriate, may decide to respond to the incident without involving the police or children's social care. The decision will be made and recorded in line with the procedures set out in this policy.

Further review by the DSL

If at the initial review stage a decision has been made not to refer to police and/or children's social care, the DSL will conduct a further review to establish the facts and assess the risks.

They will hold interviews with the pupils involved (if appropriate).

If at any point in the process there is a concern that a pupil has been harmed or is at risk of harm, a referral will be made to children's social care and/or the police immediately.

Informing parents

The DSL will inform parents at an early stage and keep them involved in the process, unless there is a good reason to believe that involving them would put the pupil at risk of harm.

Referring to the police

If it is necessary to refer an incident to the police, this will be done via the, school's safer schools' officer or dialing 101.

Recording incidents

All sexualised incidents or sexting incidents and the decisions made in responding to them will be recorded on CPOMS.

Curriculum coverage

Pupils are taught about the issues surrounding sexting as part of our PSHE programmes. Teaching covers the following in relation to sexting:

- What it is
- How it is most likely to be encountered
- The consequences of requesting, forwarding or providing such images, including when it is and is not abusive and when it may be deemed as online sexual harassment
- Issues of legality
- The risk of damage to people's feelings and reputation
- Pupils also learn the strategies and skills needed to manage:
 - Specific requests or pressure to provide (or forward) such images
 - The receipt of such images

Notifying parents

In the case of allegations of abuse made against other children, we will normally notify the parents of all the children involved.
